About the Iconic Women in Legal History Project

Iconic Women In Legal History is designed to educate school students about iconic women in our nation's legal history who have promoted and protected civil rights, fought for equality, and ultimately shaped our present culture. Today women enjoy equal legal access to health care, education, civic participation, and economic justice as a result of generations of advocacy on behalf of women. The project focuses on telling the stories of iconic women who are often overlooked or left out of mainstream textbooks, featuring videos and interviews with historians, legal scholars, relatives, and even the iconic women themselves.
